

ATRA-FLEX®

Flexible Couplings

The solution for your Rotating Equipment, Misalignment, End Float and Vibrational problems

ATRA-FLEX® Millennium®

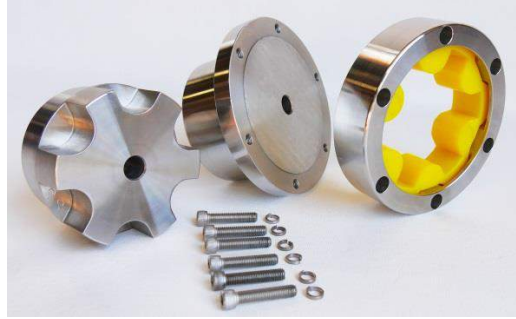

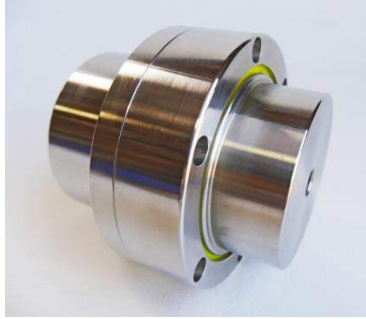

- Detect and Lock-On Ring Feature
- No Lubricants or service required=NO EPA REGULATIONS, LESS DOWNTIME and SAVES MONEY
- “Internal Support” of Insert for Higher Horse Power
- Higher Horse Power in a Smaller Package
- Very Economical
- Shear Protection
- No Exposed Shaft on Spacer Coupling
- Shaft Capacities up to 16,000
- Torque Ratings up to 3,610,000 (lb-in)
- Easy “Replace in Place” insert = NO MOVING HUBS or REALIGNMENT =LESS DOWNTIME!

ATRA-FLEX® A-Series® We Innovated, Others Follow

- Detect and lock on ring
- No lubrication or service required= NO EPA REGULATIONS, LESS DOWNTIME and SAVES MONEY
- Low reaction forces
- Shear protection
- Very economical
- Shaft Capacities up to 10,500
- Torque Ratings up to 570,000 (lb-in)
- Easy “Replace in Place” insert = NO MOVING HUBS or REALIGNMENT =LESS DOWNTIME!

T- Flex® uniquely combines the stability of a compression type coupling with the safety of a shear coupling

- Severe Duty, Higher Performance Coupling
- No Lubricants or service required =NO EPA REGULATIONS, LESS DOWNTIME and SAVES MONEY
- Bolt on Ring
- Absorbs Extreme Torsional Shock and Vibration
- Suitable for Horizontal and Vertical Use, Reversing and Start-Stop Applications
- Generates less Reactionary Loads which significantly Increases Bearing Life
- Shaft Capacities up to 20.000
- Torque Ratings up to 1,570,000 (lb-in)
- Easy "Replace in Place" insert = NO MOVING HUBS or REALIGNMENT =LESS DOWNTIME!

ATRA-FLEX® Quality Couplings are manufactured in USA

Options available: Stainless Steel: grades 303,304, and 316

Melonite Process: Low cost, alternative to stainless steel .This process gives our carbon steel a uniform case hardening up to RC 62 and significantly prevents wear and corrosion.

Coupling Types Available Close coupled, Spacer types, Limited End Float, Slide, Floating Shaft, Flywheel, Brake Wheel, Brake Disc, and made to order engineered couplings.

Solving Customer's Needs is our Focus, Customization and Timely Delivery is Our Strength

Whether your application requires standard stock sizing or needs customizing to fit your needs, ATRA-FLEX® stands out in the industry as a coupling provider with quality and Integrity.

We have the ability to meet your custom orders needs in record time in order to assist you in shorter "downtime" expenses.
